Mission and Values

MARSHAL GROUP

MISSION

Marshal Group is committed to providing innovative, high-quality, and reliable information technology and cybersecurity solutions to government, defense, and private sector clients. With a foundation in defense intelligence, information technology, cybersecurity, and program management, we aim to deliver unparalleled service through comprehensive cybersecurity measures, operational excellence, and cutting-edge technology solutions that enhance security and operational efficiency for our clients.

VALUES

INTEGRITY. We operate with the highest standards of honesty and transparency, ensuring trust in every solution and service we provide.

EXCELLENCE. We strive for excellence in all our endeavors, consistently delivering top-tier results that exceed client expectations.

INNOVATION. We embrace continuous learning and innovation to provide forward-thinking, adaptable solutions that meet the evolving needs of our clients.

SERVICE. We are dedicated to serving our clients with professionalism, respect, and commitment to their unique needs, ensuring their success and security.

COLLABORATION. We value teamwork, both within our organization and with our partners, fostering effective communication and cooperation to achieve common goals.

RESPONSIBILITY. As a veteran-led company, we take pride in our duty to support national defense, cybersecurity, and the safety of critical infrastructure, ensuring the security and resilience of our clients.

Founder and CEO

MARSHAL GROUP

Founder and CEO Marshal Larkey

MARSHAL LARKEY

Founder and CEO

With 38 years of experience in the intelligence, information technology, and cybersecurity fields, Mr Larkey is a seasoned leader at the forefront of innovation in these critical industries. A retired service-disabled veteran, Mr Larkey brings a wealth of expertise gained from military, defense, and civilian sectors, having served in various roles that demanded strategic oversight, operational excellence, and cutting-edge security solutions.

Holding a Master of Science degree in Business Cybersecurity Management, Mr Larkey combines a deep technical foundation with strong business acumen, positioning him to lead the company in providing comprehensive cybersecurity and IT solutions. His leadership is grounded in years of hands-on experience in managing complex projects, driving forward-thinking strategies, and cultivating high-performance teams. As Founder and CEO, Mr Larkey is dedicated to advancing the company's mission to deliver robust, secure, and innovative solutions to meet the evolving needs of today's digital landscape.
